

A Few Words from Assemblywoman Paulin

It has been a challenging time for our community. Our neighborhoods have been particularly hard hit. As the Assemblywoman from New Rochelle, Scarsdale, White Plains, Pelham, Eastchester, Tuckahoe, Bronxville and Pelham Manor, I have been representing the concerns of members of the Young Israel of New Rochelle and the extended community from the very start.

Over the past few weeks, many constituents have reached out with questions and ideas, including connections for procuring or making additional

for procuring or making additional personal protection equipment (PPE). I have been connecting them with those in need of these critical supplies. Others in our community volunteered to deliver meals and groceries to those in quarantine.

It has been amazing to see the community come together and I welcome the input from all community members.

I have been advocating for clear guidance where policies are conflicting, as well as collaborating to find additional supplies for our hospitals and first responders.

Other concerns have included safe election practices, small businesses, gatherings for holidays and safe food delivery. I have been working with mayors and town supervisors as well as state officials in Albany. We have been doing our best to slow the spread.

I wish a speedy recovery to those who are suffering. Together, our cooperation will help bring about an end to the disruptions brought on by this pandemic, and we can begin the process of rebuilding.

Thank you all for your support and generosity.

Keep the ideas coming. We need each other now more than ever.

Stay well.
